 universal safety knife fabric holster A41014-7	fits all PHC knives			

Easy, no tool blade change

replacement blades

B11117-9
industrial utility blade
pointed tip

B11118-9
industrial utility blade
pointed tip - stainless steel

B11119-9
heavy-duty utility blade
round tip

blade retraction for added safety

auto blade retraction

blade retraction mechanism automatically withdraws the blade once the blade trigger is released

smart blade retraction

pressure sensitive blade retraction mechanism instantly withdraws the blade once it loses contact with the cutting surface, even if the blade trigger remains engaged

Why PHC?

We believe in making safety cutting tools for every *body*. For over 70 years, Pacific Handy Cutter has thoughtfully engineered accessible safety cutting solutions for a variety of users, cutting applications and work environments. Our Safety Knives are the preferred cutting tool among grocery, retail and industrial businesses due to their ability to improve worker productivity while reducing the costs associated with accidental injuries, worker compensation claims and damaged merchandise.
